ENVIRONMENTAL POLICY

TMILL is committed to offer environmentally sound & sustainable supply chain solutions in alignment with our business objectives that reduces our impact on the environment. The organisation shall continually improve its environmental performance through various initiatives :

Adopting appropriate waste management practices to control and minimise the impact on the environment.

Comply with applicable environmental statutory norms in the regions in which we operate.

Practice and promote the conservation of nature and earth's energy resources: paper, water, electricity, fuel, air and hence keeping a check on the carbon footprint.

Enhance awareness, skill and competence of our employees and contractors to enable them to demonstrate their involvement, responsibility and accountability for sound environmental performance.

TMILL shall ensure that this policy is communicated and implemented at all levels and shall be made available to all the stakeholders.

Approved By
Managing Director, TMILL
