We all have a role to play in managing risk in our operations. Management has additional responsibilities to demonstrate leadership and high standards in health and safety, and is ultimately accountable.

Employee engagement and training is essential.

Everyone must be involved in health and safety every day and have the opportunity to contribute positively to a safer and healthier workplace. Employees must know how to keep themselves and those around them safe. They should receive suitable training on the hazards they face and the control measures to be applied.

Working safely is a condition of employment for all employees and contractors.
